The Medical Officer, L.F. Dispensary, Manjeshwar has represented that there is need for the creation of a post of female nursing orderly in the Dispensary to attend on the female patients resorting to the Dispensary.

2. During 1949 the number of patients noted in the margin were treated in the Dispensary. The District Medical Officer, South Kanara in his endorsement N.Dis.40-DB-50 dated 14-1-50 has recommended the creation of the post of female nursing orderly as there is a big number of female patients including children attending this Dispensary. He has further remarked that the midwife attached to the dispensary should not be allowed to dress septic cases.

3. The District Board in its resolution No.73 dated 29-11-50(copy enclosed) has sanctioned the post of a Female Nursing orderly to this dispensary and necessary provision has been made in the Budget Estimate for 1951-52 towards her salary and dearness allowance.

4. I therefore request that Government may be pleased to accord sanction for the creation of the post of a female nursing orderly to L.F. Dispensary, Manjeshwar with effect from 1-4-1951.

The numb r of women and children treated in the Dispensary justifies the employment of a female nursing orderly. Further the District Medical Officer cons'ders that the existing practice of the midwife dressing septic cases and also attending on aseptic cases is not satisfactory.
